

Global Research Institution - Pebble Hills University

A Doctor of Philosophy degree, abbreviated Ph.D., is the highest academic degree anyone can earn. The Doctor of Philosophy program is offered for various disciplines and prepares students for advanced work in research, teaching, and administration. Studies leading to the Ph.D. degree are designed to give the candidate thorough and comprehensive knowledge of his or her professional field, as well as training in research methods. If you are serious about completing a PhD and working in academia then Pebble Hills University is the place to study.

Global Licensure

The Somali Ministry of Education and the office of Governmental Communications & Contracts has granted an Educational Licensure to the Pebble Hills University, which PHU can operate and teach in the Republic of Somalia. The Somali Transitional Federal Government has authorized to Pebble Hills University to fully teach virtually, in traditional class room or request for educational funds on behalf of the Somali Transitional Federal Government.

The SBC- Antico Principato di Seborga's Council for Distance Education, Culture and Faith, Council of Accreditation has admitted Pebble Hills University as a member of the Council for Education, Culture and Faith of the Sovereign Order of the Antico Principato Di Seborga of Castrum Sepulcri of the SBC.

The University is fully licensed and permitted, to provide Educational programs, seminars, electronic learning and similar, leading to the granting of academic and professional degrees, by Hutt River Province, Australasia.

Accreditation

Pebble Hills University is then fully accredited by the International Commission for Higher Education, which is the professional quality control mechanism for Colleges and Universities' standards. Their Accreditation gives a public record of your learning that will be widely accepted by employers, professional associations, by other colleges and universities, and will be recognized in and out of state as well as internationally. PHU is also fully accredited by The Professional Managers Association (PMA). PMA will accept Pebble Hills University's graduates for full Membership of the Association. These with Master's degrees can enter the PMA at Certified Professional Manager (P.Mgr) level. Those with Doctoral degrees will be entitled to enter as Fellows. In addition, the PHU degrees will be accepted for Exemption from the Association's Diploma, Advanced Diploma, Graduate Diploma and Postgraduate Diploma in Management Studies at equivalent levels. PHU's Bachelor level graduates will also qualify for Credit Transfer award of our Graduate Diploma in Management Studies and those with PHU's Masters or Doctoral degrees will qualify for award of PMA Postgraduate Diploma in Business Administration by Credit Transfer. Pebble Hills University is an official department of the World Information Distributed University (WIDU). WIDU is an entity included in the L'Academie Europeenne d'Informatisation (A.E.I.), established in Belgium under the decree of the Belgian King Albert II. PebbleHillsUniversity is an approved department of WIDU. WIDU is licensed by Moscow (Russian Federation) to train and award scientific degrees of Doctor of Philosophy and Grand Doctor of Philosophy and approved to act as a world base of educational programs and to facilitate the development of expertise Vis educational programs.

Please note that we can only undertake to supervise topics for which we have staff with appropriate expertise, though we can sometimes make arrangements to include specialist external advisors.

Features:

- ☛ Our faculty are renowned academics pre-eminent in their fields
- ☛ The programme is designed to support the particular needs of distance learners by combining research training modules, online presentation and intensive supervision.
- ☛ No residential Requirement
- ☛ Affordable PhD – Standard Tuition Fee: US\$4800

Informal inquiries are always welcome. However to begin with we ask you to complete and send a free pre-application below to enable you to enter into a dialogue with appropriate members of staff about your proposed research topic.

Research Proposal

Guidelines:

- ☛ Selecting a topic. Your first task in formulating a research proposal will be to choose a topic.
- ☛ Literature review. Once you have selected a topic, you must begin to familiarize yourself with the existing literature.
- ☛ Formulating Hypotheses After completing your literature review, you should be ready to formulate your hypotheses.
- ☛ The Design Once you have formulated your hypotheses you must design an experiment to test them.
- ☛ Writing the Paper Your research proposal must be written in APA style.

Pre-application Form

Before submitting a formal application form to be admitted to the PhD programme we would like you to supply us with the following information so that we can begin a dialogue and between us, decide whether making a formal application for enrolment for the PhD programme is likely to be appropriate. Please submit this form and the below proposal by email at research@pebblehills.edu

Name	
Address	
Phone No.	
Full details of university education at undergraduate level listing courses which you consider to be relevant for this application (you do not need at this stage to include transcripts):	
Postgraduate education (e.g. masters degrees) and any professional qualifications:	

Applications for a research degree must be accompanied by a research proposal. This is an extremely important aspect of the application. Your application will be sent for consideration to those members of staff who may be able to supervise your research and to some extent they will judge your suitability for PhD or M.Phil study by the quality of your research proposal.
